Program Management Support Services 3 (PMSS3) provides U.S. Army Program Executive Office, Enterprise Information Systems (PEO EIS) headquarters directorates, program/project/product offices, and related organizations with the full range of information-related program management support services.

Benefits and Features of Using PMSS3

- Available to all U.S. Army PEO EIS organizations.
- Decentralized contracting. Orders may be placed by any Government Contracting Officer with the appropriate authority level to support PEO EIS.
- Multi-year accessibility. Five-year, multiple award/IQIQ with five ordering periods (one-year base and four one-year options.)
- Meets PEO EIS Small Business Participation Goals. Suntiva is a Small Business awardee. Task Orders can be set aside for small businesses. Wide geographic scope. Ability to support both PEO EIS CONUS and OCONUS requirements.
- Reduced procurement, administrative and lead time. The Suntiva team has “boots on the ground” within the Army PEO EIS organization and brings a strong understanding of PEO EIS’ organizational context.
